

padlet

Padlet is online sticky notes that you can use with your students to increase collaboration as well as post student work and so much more!

- Students do not need an account.
- Can use on iPad or computer
- Can add text, pictures, video, links, or documents to posts
- Teacher's view is different than student's view
- Teacher can customize wallpaper, layout, privacy, and URL
- Sharing your wall is amazing! Can embed wall in blog or website, can export as PDF or image.
- You can revisit your wall as it can be a powerful backchannel for discussions and reflections
- Use Padlet to discuss, post student work, individual portfolios where student's post their work, managing student projects, etc!
